## Docks

Do it Industries offers Commercial dock services from design to installation. Some of our engineered commercial docking components include:

- \* ADA accessible aluminum gangways up to 80 feet in length
- \* Wooden floating docks with hot dipped galvanized hardware
- \* Hot dipped galvanized steel truss floating docks
- \* Marine grade floating aluminum docks

From city boat launches to association docks to 300 slip marinas, Let Do it Industries Marine Systems assist you in the design, manufacturing and delivery of your waterfront project.

## Hoists, Lifts & Trailers

ShoreStation hydraulic boat lift models combine rock-solid dependability with unique features and a new level of convenience. From the sleek, clean look to the smooth, push button operation, everything about these hoists is designed to be user-friendly. ShoreStation Hydraulic Boat Lifts are available for boats from 4,000 to 15,000 pounds

### ShoreLand'r Boat Trailers

We provide boat trailers for many Police and Government Institutions - many ShoreLand'r Models are available as a unique Roller/Bunk combination with keel rollers up front and pivoting Equiloat bunks in the back, perfect for industrial use. Get the best of both worlds! STANDARD MODELS 4000 LB. - 15,000 LB.
